Assignment 3: Theory

1. Applications

a) In the table below, write down five different ways that applications software can help a teacher do their job more effectively - one for each of the programs listed.

| Task | Software to be Used |
|------|---------------------|
| | Word-processor |
| | Spreadsheet |
| | Database |
| | DTP program |
| | Graphics Program |
| | [5] |

b) The introduction of computers into the workplace has changed the way that people communicate, do business and store information. Describe some of the changes that have taken place - for the better, or otherwise.
